- Figma
- Canva Pro
- CapCut / Mobile
- Color Grading

CREATIVE METHODOLOGY

Intentional Pacing: Guiding viewer focus to key messages & call-to-actions.

Strategic Contrast: Scroll-stopping palettes & structured type scales.

Dynamic Visual Flow: Structuring layout rhythm for maximum engagement.

ACADEMIC FOUNDATION

B.Tech in Computer Science & Eng.

DAV Institute of Eng. & Tech. (DAVIET), Jalandhar

Diploma in Computer Science & Eng.

Mehr Chand Polytechnic College, Jalandhar

PROFESSIONAL PROFILE

Multidisciplinary Creative Designer & Video Editor with a foundational degree in Computer Science & Engineering. Combines engineering precision, grid alignment, and responsive system logic with expressive, scroll-stopping digital storytelling. Proven track record delivering 50+ commercial projects across EdTech academies, artisanal F&B brands, podcasts, and digital campaigns. Specializes in high-converting promotional assets, scalable brand visual languages, and high-retention short-form video reels that drive customer acquisition and audience retention.

WORK EXPERIENCE

Graphic Designer & Visual Creative

2024 – Present

Nugen IT Services • Mohali, Punjab

- Spearheaded visual marketing collateral, client campaign suites, social creatives, and promotional flyers tailored for maximum audience conversion and brand recall.
- Cut, edited, and exported short-form video reels and marketing teasers; synchronized audio hooks, animated captions, and dynamic transitions to maximize watch retention.
- Built and maintained modular layout systems and component templates in Figma, accelerating multi-format campaign turnaround times by 30% while preserving brand cohesion.
- Collaborated cross-functionally with marketing strategists and developers to translate technical concepts into scannable, conversion-focused promotional graphics.

Freelance Creative Designer & Video Editor

2023 – Present

Independent Creative Practice • Direct Client Engagements

- Delivered end-to-end design retainers and video production for diverse clients across tech education, podcasts, culinary ventures, and lifestyle creators.
- Edited and paced narrative podcast video reels for episodic interview shows, mastering 3-second hook delivery, audio visualizers, and word-by-word subtitle styling.
- Crafted end-to-end brand identity systems, custom packaging mockups, and cross-channel marketing suites ensuring flawless consistency from physical print to mobile feeds.

FEATURED PROJECTS & CASE STUDIES

Singh Bake & Bites: 360° Brand Transformation

Scope: Brand Identity • Vector Logo • Packaging • Social Suite • AI Video Reels | Figma, Photoshop, Premiere Pro

- Developed complete brand architecture: scalable vector crest logo, warm amber color matrix, and unbleached eco-craft takeaway packaging mockups for physical retail.
- Designed a 4-part promotional social campaign (B2B wholesale, signature bakes, seasonal offers) combining mouthwatering product photography with clear visual hierarchy.
- Synthesized 3 AI-generated video reels using custom prompt synthesis and kinetic typography, delivering high-energy dynamic pacing for viral social reach.

Next-Gen Tech Academy: High-Conversion EdTech Campaigns

Scope: Multi-Week Admission Campaigns • Orientation Flyers • Story Formats | Figma, Photoshop, Canva

- Designed high-converting admission posters, bootcamp announcements, and orientation campaign suites engineered to stop the scroll on competitive student feeds.
- Implemented strategic color blocking and typographic hierarchy that simplified complex course tracks and accelerated student enrollment inquiries.

Narrative Podcast Video Series: Episodic Cuts & Viral Reels

Scope: 9:16 Vertical Video • Kinetic Subtitles • Sound Pacing • Multi-Angle Cuts | Premiere Pro, Photoshop, Sound Design

- Cut, edited, and formatted high-retention 0:25–0:35s vertical reels spotlighting mindset and conversational storytelling for Instagram Reels and YouTube Shorts.
- Engineered speaker dynamics, synchronized sound punctuation, and dynamic kinetic subtitles to sustain audience attention past the critical 3-second drop-off mark.

Academy Editorial Brochure System & Cultural Brand Suites

Scope: Multi-Page Editorial Print • Digital PDF • Seasonal Festive Suites | Figma, Photoshop, Canva

- Authored a structured, multi-page print and digital curriculum brochure with mathematical grid alignment, creating seamless scannability across technical course modules.
- Designed culturally rich seasonal celebration campaigns (Lohri, Ganesh Chaturthi), strengthening brand warmth and audience engagement through ornate visual storytelling.
